Professional Purse - The professional's prize list above represents a potential purse of \$80,650 and is payable only to players making the cut (low 60 players and ties). This is an estimated payout.

Order of Payment - Professionals will be paid in order of finish without regard to the amateurs. (The lowest scoring professional will receive the first prize and the 10th lowest scoring professional will receive the 10th place money even though several amateurs may finish higher than 10th). All professionals who make the cut will receive a minimum of \$600. All amateurs making the cut will receive a minimum of \$250 in gift certificates. Players who make the cut but fail to finish 54 holes will receive the minimum payout.

Treatment of Ties - Ties will be broken by playoff for overall champion only. Prize amounts for all other tied positions will be combined and divided between the tied players.

*** There is no reallocation of the professional purse** due to amateurs making the cut. (Example - If only one professional made the cut, he would win \$12,000 not \$80,650) If 40 professionals make the cut, they will be paid based on the prize list above for the top 40 professionals. Fewer total dollars would be paid and more gift certificates would be awarded.

Method of Payment - Checks will be mailed by the Wednesday following the Championship to the address provided by each player on their entry form. Gift certificates will be available immediately after the awards ceremony and are redeemable in the golf shop.

Rain Shortened Event - In the event of a 36 hole Championship, the top 60 players and ties will receive prizes.
