

## Three Inducted into Florida Golf Hall of Fame

On Friday, November 17, the FSGA inducted three deserving men into the Florida Golf Hall of Fame at the 2006 Annual Dinner at Palma Ceia Golf and Country Club in Tampa. **Gary Koch**, **Bob Rankin** and **Bill Baker** were honored as the second class of inductees into the Hall of Fame.

**Gary Koch** began his golf career early on in 1969 winning the Florida Open at the age of 16. From 1968-1970, Gary won three straight Florida Junior Championships and won the US Junior Championship in 1970. He then captured the Florida Amateur in 1972 and went on to the University of Florida where he was a three-time first team All American and a member of the 1973 NCAA Championship team. In 1975, Gary joined the PGA Tour and won six events over 15 years. Now on the Champions Tour and part of the NBC golf announce team, Gary also keeps busy with his golf course design and development business. In 1992, the Governor of Florida named him the "Ambassador of Golf."

**Bob Rankin** played college golf at Ohio State University and won the 1955 Ohio Amateur. After moving to Florida, Bob won the Florida Amateur in 1969 and Mid-Senior in 1972. Other FSGA Championships include the 1989 Senior Four-Ball Championship and 1992 and 1994 Senior Championship. He won Gasparilla twice, the Florida State Senior Golf Association Championship three times and US Senior Challenge Championship four times including three consecutive years. Bob, a founding member of Cypress Run Golf Club in Tarpon Springs, was inducted into the Ohio Golf Hall of Fame in 1996.

In the early 1980's, **Bill Baker** began volunteering with the FSGA after attending a Course Rating workshop in South Florida. From there, Bill got extremely involved in both course rating and tournaments and traveled just about anywhere he was needed for more than 15 years. Bill could be seen starting at almost every major Championship and was in charge of all qualifiers in South Florida. He was also a Board member and a USGA Committee Member for several years serving on the Senior Amateur Committee. When he wasn't volunteering, Bill played in a few tournaments.

The Players-of-the-Year and Volunteers-of-the-Year were also recognized at the Annual Dinner. Please see page 4 for the Volunteers-of-the-Year and page 5 for the Players-of-the-Year.

# Voisin Captures Mid-Amateur Championship

**Bret Voisin** defeated **Noi Chay** in the final match to win the **25th Mid-Amateur Championship** at **Black Diamond Ranch** in Lecanto on September 28-October 1.

**Bret Voisin**, of Orlando, last year's Mid-Amateur runner up, earned the 14th seed after posting a 75-74—149 in the stroke play qualifying to advance to match play. Voisin won four matches en route to the finals including beating **Darryl Osler**, of Boca Raton, 4 and 3 in the semifinals. "I was a little shaky in my earlier matches," said Voisin. "I continued to hit the ball well and bring myself back into the matches."

In the final match versus Chay, Voisin made four birdies to make the turn at 4-under while Chay shot even par to be three down. After both players bogeyed the 10th hole and birdied the 11th hole, Chay made a tremendous par after hitting his approach shot from under an oak tree just short of the green to close the gap at two. Voisin and Chay birdied the par five 14th hole and halved the next three holes with Voisin making a three foot putt on the 17th hole to capture the Mid-Amateur Championship 2 and 1. "I feel very fortunate to win," said Voisin. "I made a lot of putts and just hung in there." Voisin now has four state titles including the 2005 Mid-Senior Four-Ball North Championship, 2004 Four-Ball Championship and 2004 Parent-Child Championship.

More than 570 entries were received for this year's Championship setting a new record for entries filed. Participants qualified in an 18-hole stroke play format to advance to the Championship. Playing the Quarry course, the Championship consisted of 36-holes of stroke play qualifying on Thursday and Friday with the low 32 advancing to the match play on Saturday and Sunday. **For match play results, see page 3.**

# Briggs & Warner Win Senior Four-Ball Championship

The Ocala duo of **Randy Briggs** and **Berger Warner** posted a pair of 66's to capture the **Senior Four-Ball Championship** at **The Club at TwinEagles** in Naples on October 17-18.

Briggs and Warner started strong going 4-under on the front nine of the first round to trail the leading team by two strokes after the first round of play. "We knew we had to shoot 66 or better to have a chance," said Briggs. "We have played so much golf together that our games compliment each other so well." In the final round, the pair fired a 5-under on the back nine to match their first round score of 66 and edge out the field by one stroke to win the Championship. "It was a good team effort," said Briggs. "Every time we were in danger we hung on and went to the next hole." This win marks Warner's second State Championship this year after winning the Senior Amateur Match Play in July and adds to Briggs' 1996 Four-Ball Championship.

# It's in the Hole - But Not the Right Hole!

by Jack Pultorak, FSGA Director of Rules and Competitions

At the recent High School Boys 2A Championship hosted by Fairwinds Golf Course in Fort Pierce, a strange call came in on

the radio about a competitor who had his ball go into a hole. Not so strange you would think; you're supposed to get your ball into the hole!

FSGA Board Member and Rules Official Roger Harvie explained over the radio that the player's ball had "disappeared" into a bunker. When they began to look for it in the bunker, they found that it had rolled into a hole created by a burrowing animal. They could see the ball in the hole and the player could identify it as his while it was lying in the hole.

Has that ever happened to you? What's the ruling?

Let's start where most of the answers are found in the Rule of Golf and that's in the definitions. 90% of

the answers to your questions start in the definitions. If you don't know the definitions, the index can point you in the right direction.

The definition of an abnormal ground condition is "any casual water, ground under repair or hole, cast or runway on the course made by a burrowing animal, a reptile or a bird".

Now that we know we're dealing with an abnormal ground condition, we can use the table of contents or the index to tell us that Rule 25 covers that situation.

Rule 25 tells us that you get free relief from an abnormal ground condition when your ball lies on the putting green, through the green or in a bunker. If your ball lies in a water hazard or lateral water hazard, you get no relief.

So, free relief in a bunker sounds good, right? Well, not so fast.

If you want free relief, you find the nearest point of relief from the condition and drop the ball within one club-length of and not nearer the hole than that point. The prob-

lem is that you must stay in the bunker. Depending on if you're a good dropper or not, you could end up with a good lie or a fried egg! Take the good with the bad.

And what if you're just a lousy bunker player? Under a one stroke penalty, Rule 25 allows you to drop the ball outside the bunker, keeping the point where the ball lay directly between the hole and the spot on which the ball is dropped with no limit to how far behind the bunker you drop. You might go back to your favorite yardage taking your chances and drop the ball there with a one stroke penalty instead of leaving it in the bunker a couple times.

Roger had the Rule right and helped the player get out of that hole and into the right hole using the Rules of Golf.

Remember, use the definitions, index or the table of contents to find the correct Rule that applies to the situation and follow the Rules of Golf to help yourself to enjoy the game of golf.

## Volunteers-of-the-Year

**Steven Jones**, of Lakeland, and the **Collier County Course Rating Team** were awarded the Charlie Bedford Award for Volunteers-of-the-Year. Jones, an FSGA Committee Member since 2004, traveled North Central Florida to volunteer his time at more than 20 events this season. The Collier County Course Rating Team captained by **Don Glaser** and **Bob Powers** has rated over 20 courses this year in Southwest Florida.

## Future of Golf Foundation Awards Scholarships in 2006

We greatly appreciate all the 2006 Foundation Members who contributed to the Future of Golf Foundation. In 2006, more than 470 individuals joined as Foundation Members helping award scholarships to many deserving juniors in the state. Most recently, five juniors were awarded scholarships for the current school year.

**Eric Lamontagne**, from Tampa, and sister **Elizabeth**, both attend Stetson University. Eric, a sophomore, is majoring in sports management while Elizabeth, a freshman, is studying Accounting Information Systems. Both plan on receiving their MBA and JD from Stetson. **Jamison Cohl Webb**, of Babson Park, is a freshman at Florida State University. Jamison was ranked 13th in his high school class and involved in many community activities. **Caitlin Robinson** is now a senior at Flagler College where she will be graduating with a degree in graphic design. Caitlin is a four-time scholarship recipient. The final recipient of the fall semester, **Shane Ward**, of Lake Wales, is busy working at Lake Wales CC and going to graduate school. Shane recently helped raise more than \$5,000 in sponsorships for an FJT event.

We are extremely proud of all the scholarship recipients and continue to award more throughout the year. Please let a worthy candidate know of this great opportunity and apply with the FSGA. More information can be found at [www.fsga.org](http://www.fsga.org).
