

The State Junior Girls Championship became a girls only championship in 1993. This even was held at Debary Country Club with Cristie Kerr winning her first of three consecutive Junior Championships.

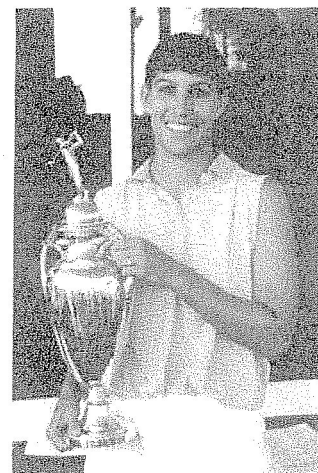

Cristie Kerr and Flo Godino

In 1995, the first State Stroke Play Championship was held at Walden Lakes. The Board had decided that this championship would be the opportunity to show appreciation for past presidents and directors who had worked selflessly for FWSGA through the years. The first day of the stroke play championship was designated "The Appreciation Flight". Those past presidents and directors who wished to play in only the appreciation flight could do so; they were honored at the banquet and presented with roses.

The State Amateur continued to be the premier event with Marla Jemsek-Weeks winning three consecutive championships in 1996, 1997 and 1998. But this event, for many years the only one, was now the beginning of a wonderful summer filled with FWSGA activities.

Marla and Robin Weiss, runner-up

Throughout the nineties, directors attended rules schools, ran tournaments within their districts for individual members, conducted fundraisers for the scholarship fund, and worked all the tournaments sponsored by FWSGA.
